Relying on its cutting-edge renewable power conversion technology and industry-leading battery technology, SunGrow focuses on integrated energy storage system solutions.

This product is a 250kW/520kWh industrial and commercial integrated energy storage cabinet utilizing Lithium Iron Phosphate (LFP) battery cells.

This 250kW solar + 631kWh energy storage system is a high-performance turnkey solution tailored for commercial and industrial users aiming for energy cost reduction, sustainability, ...

The new CPS ESS solution integrates 125/250 kW two-hour energy storage building blocks that can be easily expanded to meet any C& I project size. ...

Pilot Integrated ESS is highly combined with LFP battery system, BMS, PCS, EMS, liquid cooling system, fire protection system, power distribution and other equipment inside the cabinet. ...

CASCA CAS Series ESS are using for commercial & industrial applications" energy storage system. Have intelligent battery management and high ...

LG Electronics 250 kW PCS: Sleek and modern design maximizes function and minimizes floorspace and footprint. Parallel Stacked to achieve up to 1 MW of continuous AC power ...

With LFP battery technology, advanced EMS and PCS, it enables real-time monitoring, smart schedule, and seamless integration with solar PV, EV charging, and backup power. Ideal for ...

The HY-250kWh Indoor Rack Cabinet ESS is a high-capacity lithium iron phosphate (LiFePO₄) energy

storage system designed for commercial and industrial applications. With a total ...

Our Commercial & Industrial ESS Solutions caters to the energy demands of various business scenarios, achieving peak shaving and valley filling.

The new CPS ESS solution integrates 125/250 kW two-hour energy storage building blocks that can be easily expanded to meet any C& I project size. Modular design minimizes the impact of ...

This containerized ESS supports peak shaving, backup power, electricity cost reduction, and power quality improvement. It can also be combined with PV systems or diesel generators to ...

The 240 kWh PV-ESS + Grid system integrates energy storage, power conversion, PV integration, intelligent control, and comprehensive safety design into a unified ...

Model: ESS-CIO-500 Feature: ... AC Rated Power Battery type 250kW 360Ah System Capacity Dimensions (W*D*H) 509kWh 1940*1500*2100mm (Battery)/ 1000*1500*2100mm (AC Side)
