Why should you choose a solar street light manufacturer?

Tender-ready specs and IES/DIALux support, strict QC and certifications, fast lead times, and full after-sales. As a high-quality commercial solar street light manufacturer, we engineer solar powered street lights that deliver reliable lighting for municipal and industrial corridors.

Who is Inlux solar?

As a dedicated solar street light manufacturer, Inlux Solar provides OEM/ODM engineering, end-to-end quality control, and the documentation required for government tenders. Our team supports layouts and photometrics (IES/DIALux), wind-load and pole matching, and regional compliance.

How many solar street lights did Inlux solar provide?

Inlux Solar has proudly supplied over 2,500 sets of solar street lights for this project, which have been installed by the United Nations Development Programme (UNDP) in Benghazi, Ubari, Sebha, and Tawargha. Inlux Solar provided 4,200 sets to the United Nations Refugee Agency (UNHCR), which have been installed in 10 refugee settlements.

What is Jaguar series all-in-two solar street lights?

Inlux Solar provided 415 sets of JAGUAR Series All-In-Two solar street lights equipped with IoT smart monitoring system for public parks and residential zones in Dakar, Senegal. The project, completed in 2020, has greatly improved the local nighttime environment.

Solar street light systems for solar street light poles come in a variety of lengths, 6, 7, 8, 9 and 10 meter heights are available and can be customized.

As a high-quality commercial solar street light manufacturer, we engineer solar powered street lights that deliver reliable lighting for municipal and industrial corridors.
