-----  
Which telecommunication company operates in Belize?

Belize is well served by cellular service that covers most of the country and certain marine areas close to major coastal population centers. The major telecommunication company is the government owned Belize Telemedia Limited. The second company SMART SPEEDNET is privately held.

Is a grid-tie Solar System a viable option?

If your monthly electricity bill exceeds BZD 500 and your energy consumption is mostly during the day, then adding a grid-tie solar system with or without battery back-up is more economically viable than going completely solar off-grid. Will my grid-tie solar system stay on during a grid outage?

Does Bel pay for excess electricity?

BEL presently provides compensation for excess electricity fed into the grid, applied as a credit to customers' accounts.
