What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

Does rackmount solutions offer outdoor enclosures?

Rackmount Solutions also carries outdoor enclosures for your telecom and industry needs. From 16" to 90" heights, from 25" to 42" of depth, we can help size the right enclosure for your site. Our selection includes NEMA 4 and 4X rated cabinets along with air conditioning or heating based on your environment.

Why should you choose Shield for your outdoor telecom enclosure?

This solution is also ideal for rapid deployment at the network edge. SHIELD offers a wide range of customization features for your outdoor telecom enclosures such as machining, special dimensions, custom colors, and additional protection for harsh environment.

What is a top-hinging medium security MDU enclosure?

The Top-Hinging Medium Security MDU enclosure provides protected access for multi-dwelling fiber or telecom equipment, featuring a durable powder-coated design, secure hinged door, ample cable routing space, and flexible mounting options for broadband and telecom distribution needs.

ISP Supplies is a certified distributor of LightSaber and leading manufacturers, offering their certified Telecom Enclosures (HVAC) at the best prices.
