What are the different types of energy solutions in Fiji?

Delivering secure, cost-effective hybrid and utility grade power solutions, for today and the future. Our specialities in Fiji include Solar Energy, Renewable Energy, Hybrid Energy, Distributed Generation, Energy Storage, Off-Grid Energy, Remote Communities, HV, Substations, Grid Connections, Battery Energy Storage Systems (BESS), and Microgrid.

Why do businesses use solar energy in Fiji?

With on-site solar energy generation in Fiji, businesses can generate their own electricity and become less vulnerable to power outages, grid disruptions, and energy supply constraints. Many organisations in Fiji switch to solar energy as part of their commitment to sustainability and reducing their carbon footprint.

Who makes the best solar inverter in Fiji?

Our dedication to using trusted brands guarantees that our customers receive the highest standard of solar products and services in Fiji. Fronius, Sungrow, and Selectronic are renowned inverter manufacturers known for their exceptional quality and performance.

Who is island solar Fiji?

Island Solar Fiji is your trusted installer of quality solar systems and battery storage. We work with you to improve your power reliability and save the planet.

What Is a Hybrid Solar System? As the name suggests, a hybrid solar system is a solar system that combines the best characteristics from both grid-tie and off-grid solar ...
