What are 5G outdoor cabinets?

5G outdoor cabinets,also referred to as 5G outdoor cabinets or 5G outdoor enclosures,are boxes designed to house and protect the electrical equipment to support 5G-LTE technology. Made of metals,plastics or a combination of the two material types,5G outdoor equipment enclosures serve the following primary purposes.

What is a 5G enclosure?

Equipment protection: An enclosure's primary purpose is to protect 5G cables and equipment from damage caused by environmental and physical conditions. The cabinet is mechanically robust and sealed,preventing costly damage from weather conditions,impacts and other factors.

What infrastructure do you need for a 5G build-out?

Our vast infrastructure,which includes lighting,transmission towers,telecom towers and land leasefor build-to-suit,provides the necessary structures to accelerate your company's 5G build-out and wireless network reconfiguration.

Learn how Atlanta Fire Rescue EMS provides rapid, professional medical care, life-saving interventions, and emergency response across the city.
