6v 9v 12v 24v 36v 48v 60v 72v battery case box Application Golf Cart/ RV/ Marine/ UPS/ Portable /Electric Bike /Bicycle Scooter Feature Durable, well protected, excellent heat dissipation, and ...

It is designed for a variety of applications and can be tailored to fit your specific needs. This cost effective solution has a unique cube design that give flexibility to easily have various heights of ...

Exponential Power's Battery Cabinets & Enclosures provide durable, secure solutions for telecommunications and industrial applications. Designed to protect battery systems, these ...

EverExceed VRLA battery cabinets are very durable, and easy to install. Engineered for use with most type of battery terminal models, these cabinets can fit a wide variety of applications.

Base station equipment, power supply, battery, temperature control equipment, transmission equipment and other ancillary equipment can be installed in the cabinet, which can provide ...

By seamlessly integrating leading brands hybrid inverters into the IP55-protected battery cabinet, a compact, easy-to-install, and high-performance turnkey energy storage system is achieved. ...

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor ...

These cabinets are UV-resistant aging, corrosion-resistant, acid and alkali resistant, wind-resistant, waterproof, and shock-resistant, with a more robust and durable structure.

Outdoor Lead Acid Battery Cabinet mainly provides a stable working temperature and dust-free environment
