What is the Middle East pivot to Asia?

The Middle East Pivot to Asia is entering an important new phase: one marked by accelerated growth in commercial and economic ties and the Gulf's ascent as the world's preeminent middle power. Gulf-Asia trade now stands at record highs, after rising a faster-than-expected 14.4 per cent from US\$451 billion to US\$516 billion between 2023 and 2024.

Is Abu Dhabi a leading Gulf middle power?

The UAE has sought to position itself as a leading Gulf middle power. In 2025, Abu Dhabi spearheaded the Future of Investment and Trade Partnership (FIT-P) with Singapore and New Zealand, a pact designed to promote open trade and build confidence in digital transactions.

Is the Gulf a middle power?

Record trade volumes, multilateralism and tech megadeals have strengthened the Gulf's role as a middle power with geopolitical and economic sway and a unique ability to connect and influence both East and West. Gulf-Emerging Asia trade stands at record highs, and China has overtaken the West as the Gulf's most significant trading partner.
