---

Mozambique's energy and mineral resources minister attended a ceremony to mark the start of construction on the first solar project in the country to be paired with utility ...

Summary: Mozambique has launched a groundbreaking photovoltaic energy storage project to address energy shortages and accelerate its renewable energy transition. This article explores ...

The Ministry of Mineral Resources and Energy of Mozambique, funded by the German Government through KfW, has announced a tender for solar photovoltaic and battery ...

This initiative aims to support decentralized utility solar photovoltaic (PV) and battery energy storage system (BESS) projects, to be implemented by Independent Power Producers ...

Mozambique's energy and mineral resources minister attended a ceremony to mark the start of construction on the first solar project in the country to be paired with utility-scale battery energy ...

The Ministry of Mineral Resources and Energy (MIREME) of Mozambique has announced the launch of a new tender for decentralized solar photovoltaic (PV) and battery ...

This info session aims to brief developers, independent power producers, financiers, and other stakeholders about upcoming solar and energy storage tenders in Mozambique under the ...

"We're proud of SRP's many lithium-ion battery storage projects coming online, and with the significant growth in our service territory, it is important we continue to pilot new types of ...

The project, backed by the German government through KfW Development Bank, targets the deployment of solar-powered mini-grids with integrated battery energy storage ...

The Energy Regulatory Authority is seeking two qualified independent power producers to develop, finance, build, own, operate and transfer two lots of solar-plus-storage ...

Each new project, regardless of its scale, adds to a collective movement towards a cleaner energy future, a trend that is captured in the broader Global Solar Report. By investing ...

Mozambique's energy sector is transforming, driven by a new solar tender from MIREME and ARENE for decentralised solar and battery storage systems. This initiative aims ...

This initiative aims to support decentralized utility solar photovoltaic (PV) and battery energy storage system (BESS) projects, to ...

The Ministry of Mineral Resources and Energy of Mozambique has received funds for a tender programme to procure a decentralised utility solar photovoltaic (PV) plus battery energy ...

Mozambique's Energy Regulatory Authority (ARENE) has launched a tender for the development of hybrid minigrids that integrate solar power and battery energy storage ...
