How will Delhi's energy storage system help reduce power outages?

The government intends to replicate this model across Delhi to eliminate power outages, particularly during peak demand periods. The advanced energy storage system brings several benefits, including improved grid reliability, better power purchase efficiency, and seamless integration with renewable energy sources.

Which energy storage solutions provider has commissioned BSES Rajdhani kilokari substation?

AmpereHour Energy, a full-stack energy storage solutions provider, in consortium with Indigrid, has commissioned BSES Rajdhani Power Ltd's (BRPL) 20 MW/40 MWh battery energy storage system (BESS) project at the BSES Rajdhani Kilokari Substation in Delhi.

What is India's first utility-scale energy storage installation?

The project, inaugurated by Delhi Power Minister Ashish Sood, is hailed as India's first commercially approved utility-scale energy storage installation. Installed at the...

Is energy storage a cornerstone of modern power systems?

"Energy storage is now a cornerstone of modern power systems," said Ayush Misra, co-founder and CEO of AmpereHour Energy. "We're proud to partner with Indigrid and BRPL on this landmark project, demonstrating the scalability and reliability of our technology in urban utility networks."

Delhi marked a major leap in urban energy infrastructure with the inauguration of a 20-MW (40 MWh) Battery Energy Storage System (BESS) at Kilokari, deemed the "largest" ...

India's battery energy storage capacity is set to rise nearly ten-fold to around 5 GWh in 2026 from 507 MWh in 2025, reflecting a shift from tendering to execution of projects. ...

We are excited to announce the upcoming India Energy Storage Week (IESW), a premier international conference and exhibition set to take place from July 8th. India Energy Storage ...

New Delhi: Ashish Sood, Delhi's Power Minister, inaugurated India's first commercially approved and South Asia's largest standalone utility-scale Battery Energy ...

India Energy Storage Week (IESW) 2025 is scheduled from July 8-10, with a tech tour on July 11, at Yashobhoomi, IICC, Dwarka, New Delhi. Organized by the India Energy ...

Delhi Power Minister Ashish Sood inaugurated India's first commercially approved and South Asia's largest standalone utility-scale Battery Energy Storage System (BESS) on ...

The Delhi Electricity Regulatory Commission (DERC) has given its initial approval to BSES Rajdhani Power Limited (BRPL) to set up four grid-scale battery energy storage ...

"The 20 MW/40 MWh BESS was delivered on a turnkey basis under a long-term battery energy storage capacity agreement (BESPA) with BRPL. Installed and commissioned ...

NEW DELHI | 8 May, 2025 -- The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone Battery Energy Storage System (BESS) ...

Installed within just 11 months--well ahead of schedule--the state-of-the-art energy storage system provides four hours of uninterrupted clean power daily, supporting high ...

NEW DELHI | 8 May, 2025 -- The GEAPP Leadership Council (GLC) today officially announced the launch of India's first utility-scale, standalone ...

The system, which is India's first approved utility-scale energy storage, will help provide better power supply across various areas of south Delhi for over a hundred thousand ...

The International Conference and Expo on Energy Storage, E-Mobility & Charging Infra & Microgrids will be held at Hall 1B of the IICC in New Delhi from June 23rd to 27th 2025. ...

New Delhi | 08 May 2024 -- In a significant step forward for India's energy transition, the Delhi Electricity Regulatory Commission (DERC) has ...
