What is Port Moresby power station?

The Port Moresby Power Station will provide reliable power to Port Moresby and is the lowest cost dedicated grid connected thermal generation in the country. Replacing heavy fuel oil and diesel, the gas-fired power plant also brings a material reduction in the environmental impact from power generation in PNG.

Was Port Moresby a military base?

Naval Base Port Moresby was a United States Navy base built during World War II at the city of Port Moresby on Papua New Guinea. The US Navy built a communication center and advance base headquarters for the US Seventh Fleet to support the Pacific War in 1943. The base was part of the New Guinea campaign.

Who are Port Moresby electrical companies?

Established in 1991, it is among the pioneers in the industry in the country's capital, Port Moresby. The company made its humble beginnings as a mechanical and electrical engineering company. Later on, it focused on wholesale and retail with a branch in Kokopo, East New Britain province.
