What is a lithium ion battery charging and storage cabinet?

The new Justrite lithium ion battery charging and storage cabinet provides the ideal storage solution. Featuring ChargeGuard(TM) technology, this new cabinet was designed especially for minimizing the risks of battery fires and thermal runaway that arise when storing and charging lithium ion batteries in the workplace.

What are Justrite Li-ion battery charging and temporary storage cabinets?

The new Justrite li-ion battery charging and temporary storage cabinets were designed to reduce the risks of battery fires and thermal runaway.

What is a lithium-ion battery charging Safety Cabinet?

Justrite's Lithium-Ion battery Charging Safety Cabinet is engineered to charge and store lithium batteries safely. Made with a proprietary 9-layer ChargeGuard(TM) system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries. [Shop Now](#)

Why should you choose a lithium-ion battery storage benchtop?

The lightweight and compact benchtop design allows for easy relocation, and the lockable doors ensure controlled access to the batteries, preventing theft. Improperly charging and storing lithium-ion batteries can pose several risks, including fire and explosion. The batteries contain a liquid electrolyte that is highly volatile and flammable.
