-----  
Are locksafe stainless steel cabinets suitable for mining?

Locksafe provides a range of quality stainless steel cabinets manufactured for mining conditions. Our in house design and manufacturing capability allows flexibility in building our isolation cabinets and stations to suit your needs. Below are some of our most popular cabinets.

Why should you choose a Werks heavy duty cabinet?

With a choice of internal divider systems, it allows for a wide range of components to be well stored. We also house large capacity cabinets. The Werks Heavy Duty Cabinet 1.65t Capacity can store large pieces of machinery and equipment at the same time as making them accessible for ease of use when you need them.

What is a heavy duty cabinet?

The Werks Heavy Duty Cabinet 1.65t Capacity can store large pieces of machinery and equipment at the same time as making them accessible for ease of use when you need them. These are just a small sample of the wide range of cabinets that we have on offer.

Why should you choose a Werks heavy duty parts bin cabinet?

The easy sliding drawers make accessing equipment easy. If you are looking for a specific cabinet to hold tools and equipment of various sizes then the Werks heavy duty parts bin cabinet is an excellent choice. With a choice of internal divider systems, it allows for a wide range of components to be well stored.
