What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

What are outdoor electrical cabinets & enclosures?

Browse our range of outdoor electrical cabinets and enclosures and discover why we're a trusted name in the telecom industry. An outdoor telecom enclosure is a specialized cabinet designed to house and protect telecommunications equipment in outdoor environments.

Can telecommunications equipment be terminated outdoors?

One of the biggest challenges of terminating your telecommunications equipment outdoors is finding outdoor enclosures that will be able to properly withstand the elements. Temperature, moisture, ice, shock hazards, and UV damage are all potential dangers to consider before purchasing an outdoor enclosure or cabinet.

What types of outdoor enclosures does Aze offer?

AZE offers a comprehensive range of outdoor enclosures for virtually any installation. Designed to NEMA Type 3R, NEMA Type 4 or IP rating requirements, our outdoor cabinets and enclosures protect equipment from harsh environmental conditions.
