79 N Domingo Street Brgy. Rivera San Juan City 1500 Metro Manila Choose Hardrack for top-quality data server cabinets and racks in the Philippines. Our solutions enhance security, optimize space, and improve performance in server rooms and data centers.

Where can I buy a data server cabinet in the Philippines?
With features such as lockable doors and panels, advanced access controls, and built-in security protocols, our cabinets offer unparalleled protection against unauthorized access and tampering. 79 N Domingo Street Brgy. Rivera San Juan City 1500 Metro Manila Choose Hardrack for top-quality data server cabinets and racks in the Philippines.

How big is a server cabinet in the Philippines?
Understanding server cabinet sizes is crucial for optimizing your IT infrastructure in the Philippines, as dimensions are measured in Rack Units (U). Each U represents 1.75 inches or 44.5 mm of vertical space inside a cabinet, accommodating individual server racks typically 1U, 2U, 3U, or 4U high.

Why is a secure data center rack important?
A secure data center rack also ensures the continuous operation of monitoring and control systems, vital for grid stability and operational safety. Offices, schools, and hospitals across the Philippines rely on large server cabinet installations for their campus-wide IT infrastructure.
