What is a Vanguard® outdoor weatherproof IP rated (IP54 to IP65) enclosure?

Our Vanguard® outdoor weatherproof IP Rated (IP54 to IP65) enclosures offer a modular product range in multi bay, multi height and multi depth options, with the flexibility to house a broad range of equipment in a variety of industry standard mounting formats.

What are the most common IP ratings for outdoor equipment enclosures?

The following are the most common IP ratings for outdoor equipment enclosures. Equipment that has been designed hardened for outdoor use will perform well in an enclosure rated to IP54. It will give a good level of protection from airborne dust and splashing rain. IP54 allows some ingress of water, subjectively defined as 'limited'.

Are Vanguard IP rated cabinets fully assembled?

Vanguard IP Rated cabinets are supplied fully assembled ready for immediate deployment.

Why is IP54 a good rating?

It will give a good level of protection from airborne dust and splashing rain. IP54 allows some ingress of water, subjectively defined as 'limited'. This rating is more appropriate for equipment likely to be sensitive to water, or where rain is likely to be often strongly wind-blown at a variety of angles.
