Does the warranty model for energy storage systems keep pace?

Inflexible and complex, the warranty model for energy storage systems has failed to keep pace with rapid market growth, the authors argue. This is an extract of a feature article that originally appeared in Vol.41 of PV Tech Power, Solar Media's quarterly journal covering the solar and storage industries.

Does Panasonic offer a solar warranty?

Panasonic's solar technology is backed by 40 years of research and development. "With the EverVolt AllGuard All System Warranty, we can uniquely provide homeowners a broader range of protection that covers their entire solar and energy storage system to enhance their investment.

What is a battery energy storage system (BESS) warranty?

As challenging as warranties are for battery energy storage system (BESS) owners and operators, it is possible for there to be more clarity. Look no further than how the automotive industry handles electric vehicle warranties. They are simple and flexible, typically covering time (usually eight years) and mileage (usually 100,000 miles).

What is Panasonic's warranty?

Panasonic announced a new set of warranty terms for its solar and energy storage products. The coverage, called the EverVolt AllGuard All System warranty, is a comprehensive warranty covering product, performance, and labor across major system components.

In principle, the warranty period needs to be continuous from the date when the equipment is purchased. Otherwise, the warranty extension package will become invalid.

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions ...
